Greenspire [Mesa, AZ, USA](#)

Compensation

\$18 to \$25 Hourly

Benefits Offered

Dental, Medical, Vision

Employment Type

Full-Time

Why Work Here?

“We are passionate about building a better future with renewable energy, one home at a time!”

Job Description

Responsibilities

Working in our positive team environment, you will be an integral member of a crew installing solar arrays at residential customers' homes. You will help ensure accurate and timely solar installations, update Branch Managers on projects, and utilize best installation and safety practices. ****Must have at least one year of solar installation experience (electrical side and on the roof) .**

Responsibilities

- Complete projects within established policies and procedures
- Complete projects on time

- Maintain a high level of quality at all times
- Assemble the solar array racking, install solar stands and flashings, properly seal all roof penetrations, install all relative equipment, and test system for operation
- Diagnose and troubleshoot system malfunctions
- Communicate with customers in a professional and respectful manner
- Communicate efficiently to operations staff
- Site inspections as needed to finalize projects

Go out on service calls as needed and troubleshoot down systems

Qualifications

- **At least 1 year of previous solar installation experience (electrical side and on the roof)**
- Roofing experience is a plus (clay tile insets, comp overlays, removals, etc.)
- Ability to lift, pull and push material and equipment weighing approximately 50 lbs
- Willing to work in extreme environments (100+ degree heat, confined attics, steep roofs)
- Professional in appearance with excellent communication skills
- Ability to work well with others

Greenspire is California's leading technology based energy efficiency and residential savings program. We are partnered with many State and Federally Funded programs to help provide homeowners with funding to assist in home upgrades that reduce our carbon footprint and the cost of utilities. Greenspire is responsible for educating homeowners on how to take advantage of these initiatives to improve the comfort of their home, make their bills more affordable, and reduce our impact on the environment. Greenspire has experienced tremendous growth since its inception in November 2012, and has been featured in the top 10 of the Inc 500, as well as in the top 50 "Best Places to Work" of multiple national publications including Glassdoor and Inc. Magazine.

We have a tight knit culture of like minded people at Greenspire. We are passionate about creating an environment where our employees can grow by helping their clients lower their cost of living while promoting a sustainable future.
